Is Your Voice Being Heard?

Together, we can make a difference . . .

Welcome to Bread & Roses

Our Mission

The members of Bread & Roses are devoted to developing and enjoying musical skills, sharing them with each other and the community, and providing a community of women who deliver messages of peace and justice, protection of our fragile environment, and diversity and acceptance for all.

Our Group

Bread & Roses is a diverse group of fun-loving women with varying ages and backgrounds. We are based in DeKalb, but members travel from several surrounding areas. We're a collection of very different individuals, who come together every Sunday night because we share a love of music and singing, and we love to share our talents with anyone who will listen (even if it's only each other). We also make a point of giving back to the community through annual or semi-annual benefit concerts.

What We Sing

Our songs' themes range from peace, love, equality and women's empowerment to songs about coffee, cats and chocolate. Our singing styles include folk, jazz, rock, vocal orchestra, gospel and chants. We also love to support female musicians and composers.

Going over notes at rehearsal.
